ARE YOU READY FOR YOUR FUTURE?

Open Day: 9 May 2015
9am – 5pm

From building innovative race cars, to launching a satellite into space, our students are creating the world of tomorrow.

Find out how we can help create your future.

#WeAreCPUT
WE DEVELOPED THE ONLY FISH OIL SUPPLEMENT ENDORSED BY CANSA.

We're celebrating a decade of groundbreaking firsts, innovation and international acclaim. We are not only proud that Omega Caro-E was developed in our laboratories, but also that it’s been proved to lower the risk of heart disease, arthritis, cancer, strokes and skin disorders.

WE SUPPORT SUSTAINABLE, SMALL-SCALE FARMING

We’re celebrating a decade of groundbreaking firsts, innovation and international acclaim. We’re proud that our lecturer, Fareed Ismail, invented the revolutionary Small-scale Modular Solar-powered Aquaponics System – a system that offers communities small-scale farming opportunities despite a lack of expertise or infrastructure.
